LinkedIn: linkedin.com/in/priyadharshini-ram-9049972a | GitHub: github.com/priya29-hash

CAREER OBJECTIVE

Entry-level Data Analyst candidate with a foundation in Python and MySQL, seeking a role to build expertise in Excel, SQL, Power BI, and data visualization and to support data-driven decision-making.

EDUCATION

B.E. Computer Science and Engineering — **2023 – 2027**
University College of Engineering, Arni (Anna University) — CGPA: 8.27 / 10

Higher Secondary (12th Standard) — **2022 – 2023**
St. Joseph's Girls Higher Secondary School, State Board — Percentage: 81.33%

TECHNICAL SKILLS

- **Programming:** Python
- **Database:** MySQL
- **Data Analytics:** Excel (Currently Learning)
- **Web Technologies:** HTML, CSS, Angular

PROJECTS

Courier Management System — Python, FastAPI, Angular, MySQL
github.com/priya29-hash/courier-management-system

- Developed a full-stack web application for courier tracking and delivery status.
- Built REST API endpoints with FastAPI and integrated them with the Angular frontend.
- Implemented modules for employees, delivery tracking, vehicles, and payments using MySQL.

UCE Arni AI College Information Chatbot — Flowise, Google Gemini API
github.com/priya29-hash/uce-arni-college-chatbot

- Developed an AI-powered chatbot that answers student queries about college information and services.
- Built a knowledge base covering admissions, academics, and events.

INTERNSHIP EXPERIENCE

Python Full Stack Development Intern — Femtosoft Technology — 1 Month

- Trained across FastAPI backend, Angular frontend, and MySQL database layers.
- Built core modules of the Courier Management System: employee management, delivery tracking, vehicles, and payments.
- Implemented FastAPI REST endpoints for CRUD operations on courier and delivery data.
- Integrated Angular components with backend APIs and designed relational MySQL schemas.

Web Development Intern — CodeBind Technology — 15 Days

- Trained in HTML and CSS fundamentals, including semantic markup and responsive layouts.
- Developed a tribute webpage from scratch using the box model, flexbox, and typography.

CERTIFICATIONS

- Fundamentals of Data Analytics — Infosys
- Business Analytics with Excel — Simplilearn

ACHIEVEMENTS & ACTIVITIES

- Third Prize — Techathon, Third Year CSE
- Overall Admin Coordinator — National-Level Symposium, University College of Engineering, Arni
- Volunteered in NSS activities at a government school
